

INTRODUCING "FLAT EASTON"

Hi! My name is Easton.

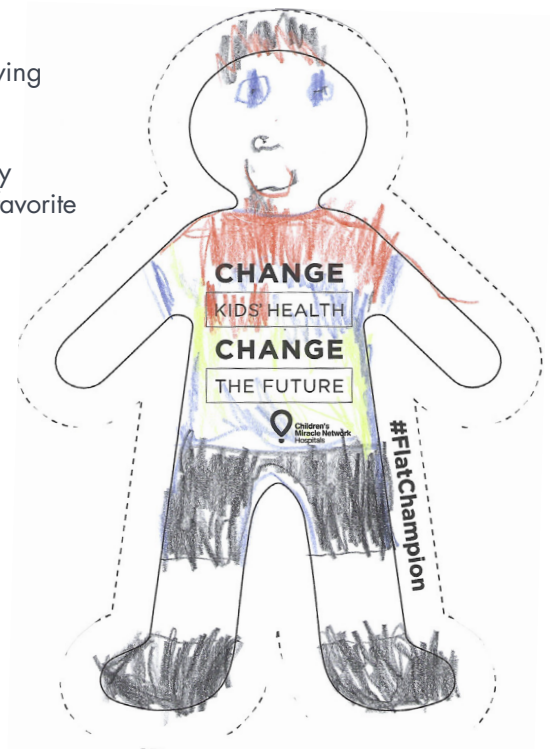

I'm 7 years old and live in Omaha, Nebraska. Some of my favorite things are playing games, spending time with Mom and Dad, basketball and Spiderman.

I was born with kidney disease and I have some other medical problems, so I visit my doctors at Children's Hospital & Medical Center every few months. I like seeing my favorite nurses and doctors and playing with the child life specialists.

Thanks for supporting kids like me! Because of people like you, I have one of the best hospitals to help take care of me!
